Čistost stekla dovoli svetlobi, da se poigra in manifestira v novih steklenih dekorativnih okvirjih EDGE. Kontrastni barvi zadovoljita še tako prefinjen okus.

The purity of the glass allows the light to playfully manifest in the new EDGE glass decorative cover plates. The two contrast colours satisfy even the most sophisticated taste.

The background of the image is a dark, almost black, abstract design. It features several thick, flowing lines that resemble waves or petals. These lines are illuminated from the side, creating bright highlights and deep shadows that give them a three-dimensional, metallic appearance. The overall effect is organic and dynamic.
